PROFILE

With 8 years of experience in design and project management, including over 2 years of sales exposure in the interior design industry, I specialize in leading and refining the design process to achieve exceptional results. My expertise includes managing all stages of the design workflow, ensuring creative and functional solutions that meet client needs. I excel in strategic planning, market analysis, and customer engagement, making me a valuable asset to a forward-thinking organization focused on innovative and impactful design.

WORK EXPERIENCE

- Self Employed** 2023 - PRESENT
Freelance Designer and executionist
 - Led design and end-to-end project execution, overseeing all aspects from concept to completion. Developed strategies to enhance brand visibility and client acquisition, building strong client relationships that resulted in a 30% increase in repeat business.
- LIVSPACE** 2022 - 2023
Territory Assistant Manager
 - Worked with the design team to create client-focused solutions, increasing satisfaction and retention. Led a high-performing sales team to meet targets, achieving 15% sales growth in 6 months by aligning strategies with market trends and client needs.
- KIWO Modular** 2022
Senior Designer and Sales Executive
 - Used design expertise to boost sales of modular kitchens and room solutions, leading to a strong rise in project bookings. Created and presented design concepts to clients, highlighting the advantages of modular furniture.
- Homelane** 2020-2021
Design Partner (DP)
 - Led design projects from concept to completion, aligning with client vision and goals. Collaborated with sales teams to present proposals and secure approvals.
- Agarwal and agarwal** 2020
Junior Architect
 - Managed end-to-end design projects, overseeing architectural drawings, detailed working drawings, and structural details to bring the client's vision to life.
- Archimist** 2017-2020
Interior Designer
 - Led interior design projects, developing detailed design drawings and ensuring alignment with client preferences and specifications.
- Dristikon Design Studio** 2016-2017
Architectural Designer and drafts man
 - Managed interior design projects, using AutoCAD to create precise design drawings aligned with client needs.
